Younger children happy to perform when the school reopened in between lock-downs.

In the Pipeline:

We are presently preparing 100 food packages to distribute in the jungles of Orissa. In those packages will be: 5 kg Rice, 1.4 kg Dhal, 1 litre Oil, 1 kg Onion, 1 kg Potatoes, 1 kg Salt, 1 bar Soap.

The Kolkata team is starting with preparations to return to the Sunderbans to Sagar Island which was totally flooded with people wading through chest high water. This island is further out and we learned that it is in dire need.

We honestly cannot thank our sponsors and volunteers enough for helping us to alleviate even a tiny bit of human suffering.

May you be rewarded a hundred times over with good health and the joy of knowing that you have helped a less privileged family in their struggle along the path of life.

On behalf of the beneficiaries it is a big "Thank You!"
